

Dear History Maker,

What a day! What a success! What a history maker!

I'm talking about you. You made this day a success... you made this inaugural race a day that will not be soon forgotten. Matter of fact...because of the great cause it supported I wonder if it will ever be a day lost in the annals of time.

R4TL is looking forward to giving a check of more than \$10,000 to Freedom 4/24 that will be used to rescue exploited women by the hundreds.

You never quit running...you ignored the weather reports...you came to stand in the gap for one who is being exploited and stripped of human dignity. I hope you realize how you helped make the plight of human trafficking an unavoidable issue and put R4TL on the map here in Lynchburg.

I trust you'll tell others about this race and begin to look forward to running it next year. We hope to double our registrations to 1606 and we won't be surprised if we break 2010 registrants in the year 2010. I know our R4TL team will begin to prepare for this kind of success next year.

I hope you [visit this link](#) that celebrates the Run For Their Lives race and we invite you to order your personal photo shoot crossing the finish line! Jill Nance... thanks for providing this service. You can find your photo at: www.rftl.smugmug.com

My sincere thanks for making history,

Michael Zealand
and the entire Run For Their Lives Team
